The purpose of this meeting with Amy Dickson and Nadine Miller was to ensure that the Town of Hebron was complying with the rules and regulations of the Certified Local Government and to remind us that grants were available through this program.

Ron talked about him and Dave taking a course in LiDar Maps and being able to determine the route of the old college road that ran through Hebron, locating cellar holes of some of the early founders of the town. There was discussion about getting together with PSU of have archeology dig sometime in the future.

Ron talked about putting up new Welcome to Hebron signs for the historical district.

They talked about six homes that are ready to apply for the National Historic Registry

The survey was reviewed and there was one area that needs improvement and that is filling vacancy on the board. There should be seven members on the board and should be meeting a minimum of four times a year.

It was mentioned that there is a grant opportunity to have someone come in and review the roles and regulations of the Certified Local Government. New member bios need to be sent along with an annual report.

Respectfully Submitted:

Carol A. Bears, Secretary
